

CLIMATE MASTERS™ OF NEW MEXICO

Shrinking your climate footprint and motivating others to do the same thing

TRANSPORTATION CHECKLIST

1. How many automobiles are shared by the residents in your household?	
2. How many miles were traveled by cars in your household this week?	
3. How many miles were alone and how many were with passengers?	
4. How many public transport trips were taken?	
5. How many trips were walked or cycled?	
6. To which mode are you most likely to switch from driving alone?	
7. What are some obstacles or barriers to the preferred alternative mode?	
8. Are your vehicles tuned regularly?	
9. Do you know the miles per gallon of your vehicle(s)?	
10. Do you use a roof rack or carry heavy materials in your vehicle?	
11. Are you familiar with the impact of air travel?	
12. How often or how many miles do members of the household fly per year?	
13. Is it possible to travel by other means for these trips?	

A program sponsored by the New Mexico Environment Department
